To
The Principal
Mrinalini Datta Mahavidyapith
Birati, Kolkata

Dear Sir/Madam,

It gives us immense pleasure to collaborate with your esteemed educational institution & cordially invite you our 24 x 7 Bengali news TV channel "High News".

We request the gracious presence of your respected Professors in our Online Panel Discussion Program "High Classroom" as a guest panelist/academician for online classes as per the working schedule provided by you on respective Tuesdays & Fridays. However, if due to some reasons there is connectivity, or technical issues, on any of the days mentioned in your schedule, we would re-schedule the time & date & the intimation of the same will be made available with you.

Looking forward to your kind cooperation & support.

Thanking you,

Warm Regards,

Programme Head

FACULTY FEEDBACK

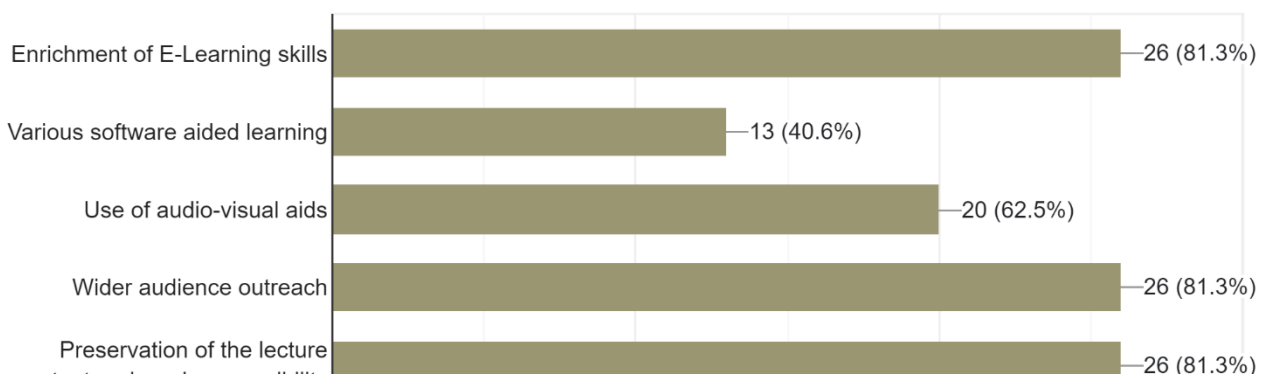

The e-teaching classes started with its first class recorded on 24.07.2020 and the last one being recorded on 27.11.2020. Over this period, our faculty members, belonging to the different departments of the college, delivered lectures on various topics pertaining to the UG-syllabus of WBSU. The feedback revealed that all the faculty members found it as a great measure in digitally reaching out to students specially during the pandemic situation.

Individual responses obtained from each of the faculty member regarding the following parameters are available in the excel sheet hereby attached: a) E-mail ID of the faculty member; c) Salutation of the faculty member; c) Name of the faculty member; d) Designation of the faculty member; e) Department to which the faculty member belongs; f) Whatsapp number of the faculty member; g) Topic of the Lecture delivered; h) Semester for which the syllabus was covered; i) Course Type – Honors or Pass; j) Date of Recording the Lecture; k) Abstract of the Lecture; l) Learning Outcome; m) Merits of E-Learning Pertinent to the Lecture Delivered; n) Challenges of E-Teaching (High News Channel); o) Rating the overall experience; p) Suggestion (if any).

Among the above mentioned parameters, a graphical representation of the feedbacks obtained for parameter number **m** (i.e, Merits of E-Learning Pertinent to the Lecture Delivered); **n** (Challenges of E-Teaching) and **o** (Rating the overall experience) are given below.

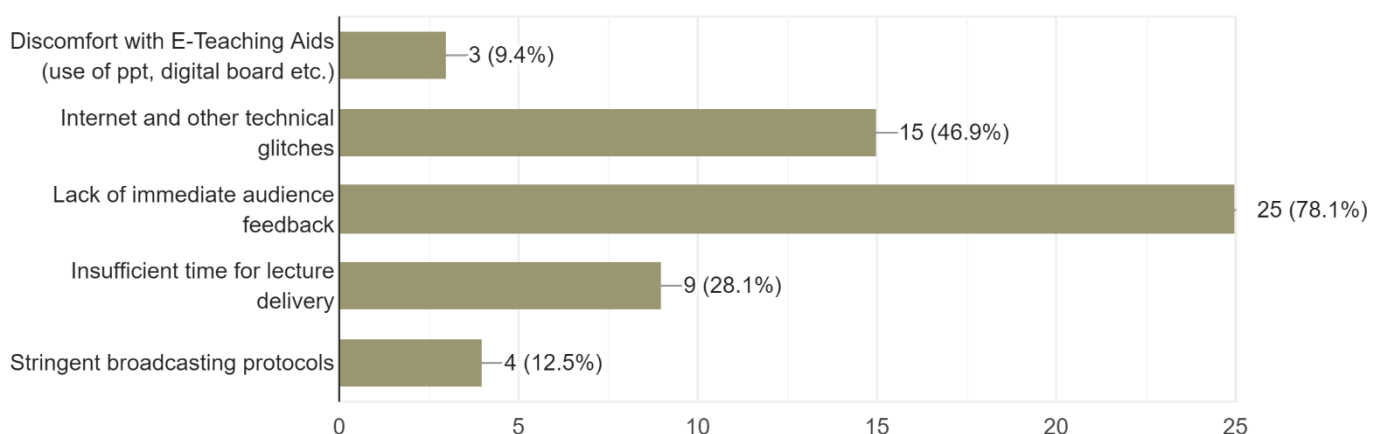

Merits of E-Learning Pertinent to the Lecture Delivered

32 responses

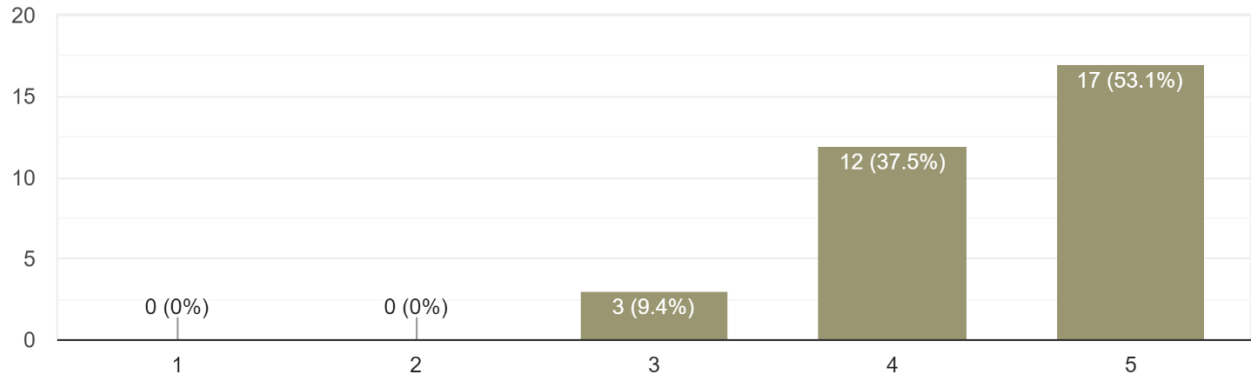

Challenges of E-Teaching (High News Channel)

32 responses

How would you rate your overall experience?

32 responses

Note

- Each faculty member was requested to submit a response corresponding to every individual lecture session that he/she conducted under e-teaching program. So, more than one feedback has been taken into account for teachers who have delivered more than one lecture.
- Some of the questions were MSQ in format, in which the faculty members had the option of selecting more than one option.

AUDIENCE FEEDBACK

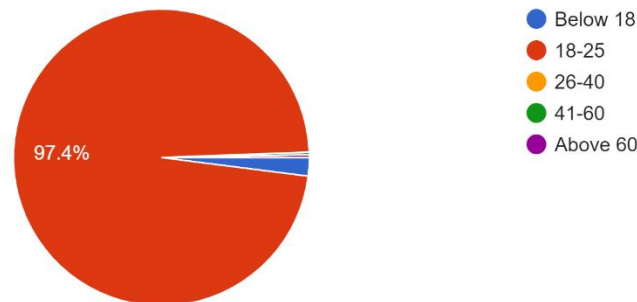

The feedback revealed that the audience belonged to various age groups, disciplines and educational backgrounds. A large majority of the audience found the lectures highly beneficial.

Individual responses obtained from audience regarding the following parameters are available in the excel sheet hereby attached: a) E-mail ID; b) Name; c) Whatsapp number; d) Age Group; e) Name of the School/College; f) City; g) State; h) Country; i) Pincode; j) Class/Department; k) Degree Pursuing / Pursued; l) Semester (if College/University Student); m) Source of information regarding these lectures on High News; n) Usefulness of the lectures attended; o) Merits of attending the E-Teaching lecture(s) in the High News; p) Problems faced during attending these classes; q) Likelihood of suggesting these lectures to others.

Among the above mentioned parameters, a graphical representation of the feedbacks obtained for parameter number **d** (i.e, Age Group), **k** (Degree Pursuing / Pursued), **l** (Semester (if College/University Student), **m** (Source of information regarding these lectures on High News), **n** (Usefulness of the lectures attended; **o** (Merits of attending the E-Teaching lecture(s) in the High News) and **q** (Likelihood of suggesting these lectures to others) are given below.

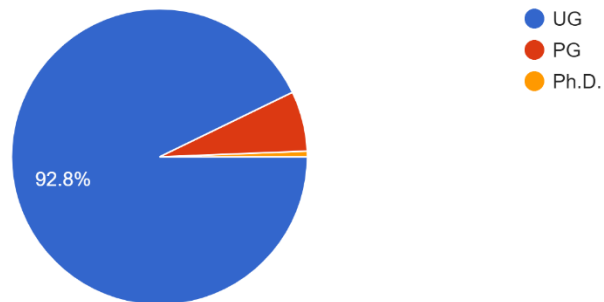

Age Group (in years)

347 responses

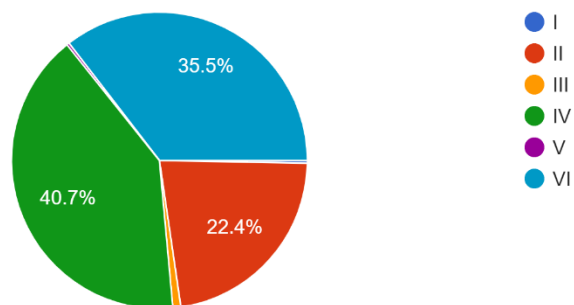

Degree Pursuing / Pursued

320 responses

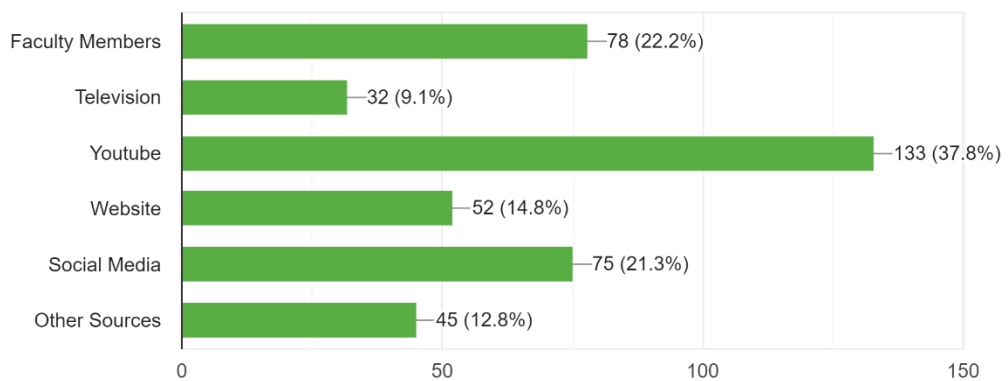

Semester (if College/University Student)

344 responses

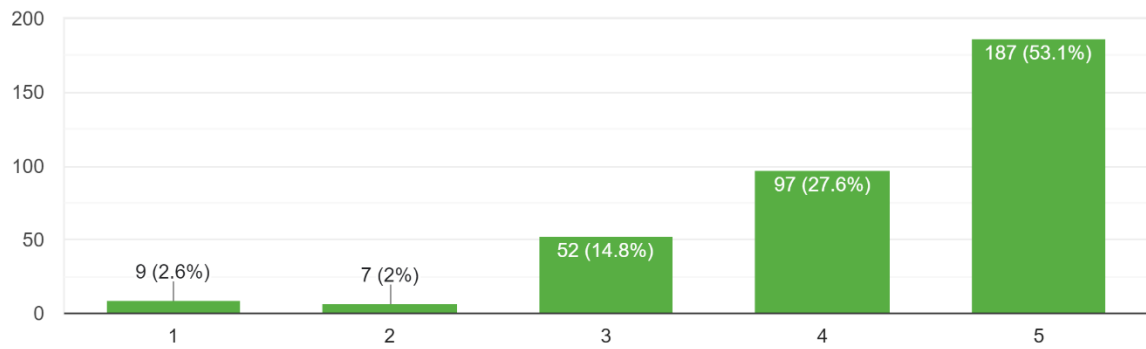

How did you come to know about the lecture (s)?

352 responses

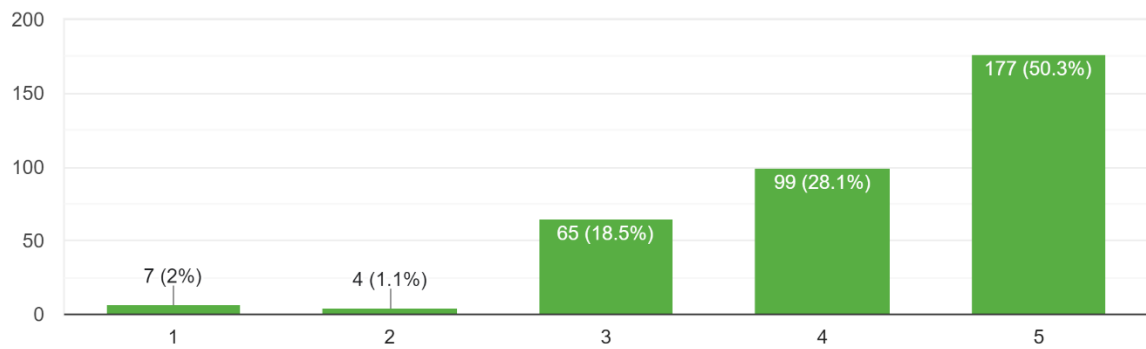

How useful was the lecture(s) to you?

352 responses

How likely you would recommend the lecture(s) to others?

352 responses

Note

Some of the questions were MSQ in format, in which the audience had the option of selecting more than one option.
